# Location

Facing the Urumea River, on the Paseo de Francia, the most elegant avenue in Saint Sebastián.

abba San Sebastián hotel is a boutique hotel, unique in Donostia, located in a beautiful palace, facing the Urumea River, on Paseo de Francia, one of the most elegant avenues in Saint Sebastian, classified as a protected area by the city council. This green and romantic avenue runs along its entire length, parallel to the Urumea River and between the María Cristina and Santa Catalina bridges.

Walking along the avenue, on foot or by bicycle, among palm trees, lime trees and a great variety of groves, you can contemplate where the river ends in the Cantabrian Sea, a real pleasure. It is common to see trawlers navigating the river.

It is a very peaceful and quiet location, however, it is only a 5-minute walk from the center and the bustle of the city, the Gros neighborhood, the Old Town, Amara and the Kursaal Conference Center.

The hotel is located 9 minutes from the Cathedral of the Good Shepherd in San Sebastián, and less than 900 meters from the famous La Concha Beach. From the hotel there's also an easy access to Zurriola Beach, the Victoria Eugenia Theater and other places of interest. San Sebastián Airport (EAS) is located 21 km from abba San Sebastián hotel.

02

# Hotel

The building in which abba San Sebastián hotel stands is the former Vasta Meroli Palace, built in 1937 and designed by the architect Eduardo Lagarde.

It is a neo-Baroque Palace House, with four floors, surrounded by gardens and with a majestic façade with a monumental air, with pilasters, pediment, coat of arms and beautiful sandstone ornaments, and with magnificent views of the Urumea River and the city center.

In the renovation of the building, the façade was preserved in its original appearance and the interior was completely renovated with noble materials and high quality and comfortable furniture, creating an elegant and sophisticated fusion of classicism, contemporary and functionality, which gives it character, uniqueness and beauty.

Common areas are located on the ground floor: the reception, the reading room, the breakfast room, the Lounge Bar and a cosy open-air English patio. On the three upper floors there are 44 fabulous rooms of different sizes and categories, whose common element is white and sea blue, emulating the representative colors of the city. The jewel in the crown is on the roof, abba The Roof Terrace, a panoramic terrace with a solarium and hammocks, where you can have a few drinks enjoying unbeatable views.

The hotel is registered within the Basque Luxury platform that brings together the most exclusive experiences in the Basque Country.
